

May 3, 2021

Cathy Ward  
Star City Clerk  
P O Box 130  
Star, ID 83669

Subject: Ordinance No.        ord.\_321 STAR (CITY)

Dear Ms. Ward:

The Tax Commission has received and reviewed the above referenced action. This review cannot be completed and recognized because the following deficiencies were found:

- The area of annexation cannot be accurately identified due to differing Point of Beginning Townships between the legal description and the map. The map also has an incorrectly oriented North arrow.

Please make these corrections, have the ordinance re-recorded, and re-submit to the State Tax Commission in compliance with I.C. 63-215 and IDAPA Rule 35.01.03 255.

Before this annexation/de-annexation can be processed for the 2022 year, the deficiencies listed need to be corrected. Failure to correct these deficiencies will result in the above referenced action not being recognized by the Idaho State Tax Commission, pursuant to its authority under Idaho Code Section 63-215. Thank you for your attention to the required legal descriptions and mapping requirements. If you have any questions, please call us at (208) 334-7750.

Find current year information about taxing district change requests at the Current Status Web page. Please visit <http://tax.idaho.gov/i-1069.cfm>.

Sincerely,

Geographic Information Systems Division
